Or visit our website at:

www.gi.leica-geosystems.com

Modify your version of ERDAS IMAGINE® with the IMAGINE Developers' Toolkit™. This set of libraries and documentation enables ERDAS IMAGINE users to extend the capabilities of their software, or even develop entirely new applications to meet their specific project needs.

The IMAGINE Developers' Toolkit offers:

- Importer and Exporter Routines
- 2D Visualization using the IMAGINE Viewer™
- 3D Visualization using Virtual GIS®
- Vector Processing Routines
- Sensor/Geometric Modeling and LPS Blockfile Generation
- C/C++ Debug Libraries
- Access to over 5500 API Function Calls
- Much, Much more...

For more information or to download the product, visit the **Leica Toolkit Developers' Network** at <http://developer.lggi.com>.
