

ERDAS Image Manager

System Specifications

Computer/Processor	Speed - 2.0 GHZ or higher Number of CPU - 2 32 bit
Memory	2GB (4 GB recommended)
Disk Space	2 GB (Application footprint)
Network	100 Mb Network Bandwidth (minimum) 1GB or higher recommended for the network access to data
Disk Space Data Manager Client	100 Mb
Data Storage	Recommended high-speed disk storage External/Internal Storage as SCSI II or Fiber Optic Storage Area Networks High Speed Storage as 15K
Operating System	Windows 2003 Server (32 bit)
Application Server	JBOSS 4.2.2 A preconfigured JBOSS is distributed with the product
Database	Oracle 10g or higher
Server	JDK 5.0 update 14
Data Manager Client	JRE 5.0 update 14

About ERDAS

ERDAS – The Earth to Business Company – helps organizations harness the information of the changing earth for greater advantage.

ERDAS creates geospatial business systems that transform our earth's data into business information, enabling individuals, businesses and public agencies to quickly access, manage, process and share that information from anywhere.

Using secure geospatial information, ERDAS solutions improve employee, customer and partner visibility to information, enabling them to respond faster and collaborate better. It also means better decision-making, increased productivity and new revenue streams.

ERDAS is a part of the Hexagon Group, Sweden. For more information about ERDAS or its products and services, please call +1 770 776 3400, toll free +1 866 534 2286, or visit www.erdas.com.
